Why not join in with the Big Garden Birdwatch at home between the 29 - 31st Jan? We will be doing it at preschool on Friday.

How to make an Orange Birdfeeder

Mix lard together with birdseed until you've created a smooth paste.

Cut an orange in half, then remove the flesh using an ice-cream scoop.

Thread a length of string or wool through the orange skin to make two hanging loops.

Top the mixture off with grapes and raisins, then hang it up on the branch of a tree.
