WHICH MELTS ICE THE FASTEST?!

Chinese New Year printable
Dragon Masks at

[HTTPS://WWW.ITSYBITSYFUN.COM/CHINESE-DRAGON-MASK.HTML](https://www.itsybitsyfun.com/chinese-dragon-mask.html)

Simple Science For Kids! Ice Experiment

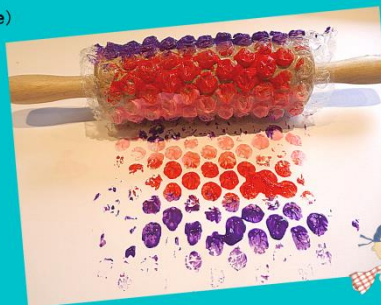

You will need:

- *A rolling pin (or plastic bottle)
- *Bubble wrap (and sticky tape)
- *Paint and paper

Wrap the bubble wrap around the rolling pin and secure with tape. Experiment with colour and pattern.

Printing on to lining paper or brown paper makes good wrapping paper!

Bubble Wrap Rolling Pins

Masking Tape Track

All you need for this really simple but effective activity is a roll of masking tape, a space and some wheeled toys. Make a track with your tape (dont forget to include some twists and turns).
Play!
