Thinking of ourselves and others; let's spread a little happiness this week....

MAKE PET ROCKS TO LOOK AFTER

A 'rock drop' is a pay it forward type **gesture** for children (and adults) of all ages.

Basically, you paint a few rocks with the sole intention of **giving**, find a local park or playground, then 'hide' your rocks for others to find.

Acrylic paint will last longer than normal paint.

Homemade Twirling Ribbons

WHAT'S SO GREAT ABOUT TWIRLING A RIBBON?

Our twirling ribbon sticks help develop a number of skills:

Gross motor skills (large arm movements)

Balance (spinning while twirling the ribbon stick)

Exercise (running around waving ribbon stick in the air)

Co-ordination (moving stick in a way that makes ribbons flutter)

Worry Dolls

happyhooligans.ca

What are Worry Dolls?

Worry dolls are tiny dolls that children tell their worries to before placing them under their pillow at night.

The worry dolls take the children's worries away while they sleep.

They are a lovely opportunity to encourage children to talk about how they are feeling.

What to do:

- Break your sticks or twigs into small lengths (about 5cms).
- Wrap different colours of wool, ribbon or thread around your stick (Use a skin colour towards the top for a face). Tie off the ends.
- Felt tip a face onto your doll.

What you need:

- small sticks or twigs
- wool, ribbon or thread
- felt tip pens
